

Packet Tracer Activity (PKA) Tracker

Instructions

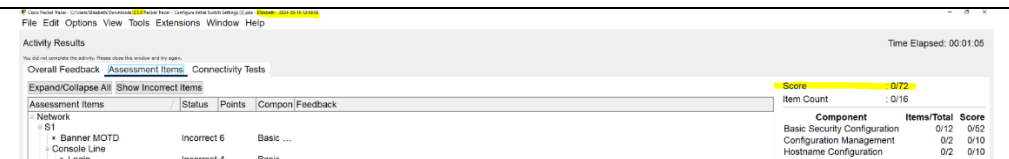

Input the following information into the tables.

- PKA reference number (example. 2.5.5)
- The percentage score you received
- A screenshot of the upper portion of the PKA's "Assessment Items" tab.

Screenshots must include the following:

- Your name at the top. This is accomplished by filling in your name at the beginning of the Packet Tracer Activity. Do not leave the default "guest" name.
- The "Check Results" page with the "Assessment Items" tab open. The entire score must be readable.
- The tables are split up by modules. Be sure to input your data into the correct table.

Any other variation of the screenshots will earn a 0. If you have issues meeting these screenshot requirements, reach out to me so that we can work out those issues.
